

Personality Exercise Testing Attitudes, Likes, and Style

***Petals™ is a perfect icebreaker for any occasion or can be taken individually.**

TOOLS NEEDED:

A PIECE OF 8 ½ x 11 BLANK PAPER (unlined preferred)
Something to draw with such as a Pen or Pencil

INSTRUCTIONS: DRAW A FLOWER (DRAW THE FIRST FLOWER THAT COMES TO MIND)

Translating your flower drawing:

IF your FLOWER WAS DRAWN AT THE.....

TOP of the paper you are considered **POSITIVE**, **OPTIMISTIC** and you believe your glass is “half full” most of the time.

In the **MIDDLE** of the paper signifies you as more of a **REALIST**

If you drew your flower on the **BOTTOM** half of the paper, you tend to be more of a **PESSIMIST**. Your glass is “half empty” more often than it is “half full.”

If your drawing favored the **LEFT SIDE** of the paper, you are more traditional. You make a point of remembering special dates such as birthdays, anniversaries and other milestones in life.

If you drew your flower in the **CENTER** you neither fear or avoid controversial discussions and even enjoy playing the devils advocate as you want everyone to see “both sides” of an issue.

If you drew your flower on the **RIGHT SIDE** of the paper, you are innovative and maybe even a little bit “out there.” You appreciate when someone reminds you of a special date, especially when it pertains to you. While family is important to you, your life’s purpose and achieving your goals are paramount to your well being.

If you folded your paper in half and drew your flower, you are conservative and thrifty (some might say a cheapskate)

IF YOUR FLOWER HAS.....

MANY DETAILS you tend to be **ANALYTICAL, CAUTIOUS** and a good communicator

If it has **FEW DETAILS** you may be somewhat naïve, more on the emotional side (go with your gut more than logic) and you are a risk taker.

IF YOU DREW A.....

CARNATION – some think of you as a **PERSON WHO CAN'T SAY NO**, You follow orders well, enjoy working with computers and prefer more uniformity and routine in your work. You prefer more traditional styles in your surroundings

DAISY OR SUNFLOWER you are trustworthy, good at keeping a secret (you will take a secret to your grave rather than break a promise), you are a good friend, you like people and you make a good teacher or caretaker. You are stylish and tend to be ahead of the curve when it comes to fashion and other trends.

ROSE you are passionate, seldom forget anything, you tend to be a perfectionist and like perfection in others. A true romantic, you also like tradition although you have been known to be a little flamboyant from time to time.

TULIP you are friendly, a great communicator, empathic, and often wear your heart on your sleeve. You are a considerate lover and make sure the object of your affection has her/his needs filled along with yours. Although you consider yourself a modernist, you don't jump on the FAD band wagon, rather wait a while to see if a new trend takes hold.

Lily You have a regal personality and auro of aristocracy. You are considered by your peers to be an "above average" person, you have lots of pride and usually the leader of the pack. Although you love people, you also enjoy your time alone. Although you are not afraid to take risks, you tend to be conservative in your style and seldom follow fads. On the other hand you like to lead trends and will often be the first to make a new fashion statement as long as it's not too "out there."

GLADIOLUS OR OTHER STOCKY LONG FLOWER you have great strength of character, you are courageous, and although you enjoy being a leader, you work well in a team environment. You work well with strong, smart team members and are somewhat of a philanthropist. Your style is tailored elegance (sequins bring out the best in you)

IF your flower has **LEAVES** you are extremely confident

IF the petals on your flower are **LARGE** you are a great listener.

AND if there is **GRASS GROWING** below your flower, you tend to give in easily and are considered submissive.

PETALS™ (cont.)

IF your flower has **ROOTS** you are stable, with both feet firmly planted into the ground. You are probably the family member who has done the family tree and know our “roots” dating back to Adam and Eve.

THE **LENGTH** of the stem of your flower indicates the quality of your "SEX" LIFE (THE LONGER, THE BETTER).

AND if the stem is a little **CROOKED** you might be a "SEX " maniac.

IF you drew a **HAPPY FACE** on your flower, you love life and tend to look at situations through "ROSE COLORED GLASSES"

IF YOU SIGNED YOUR PAPER you are cautious and love recognition.
